

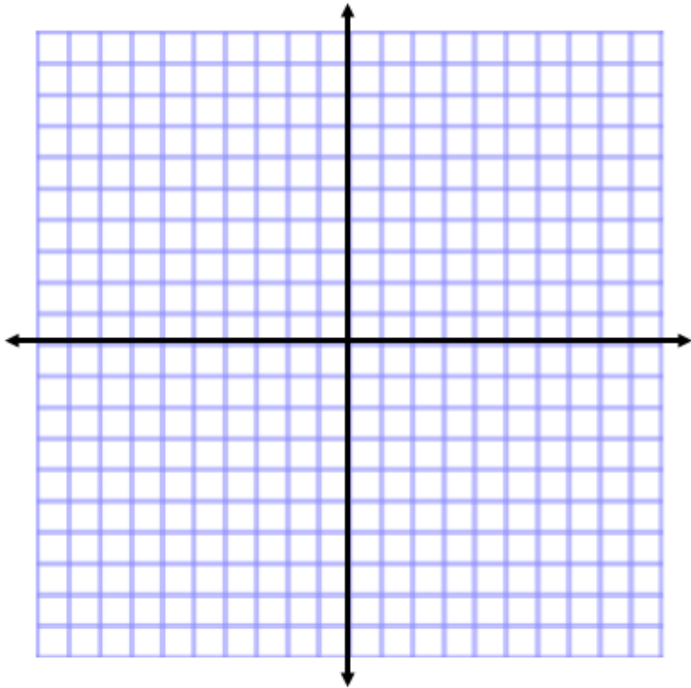

Graphing Quadratic Functions

Objective: You will be able to...

1. Graph quadratic equations/functions using a table of values.

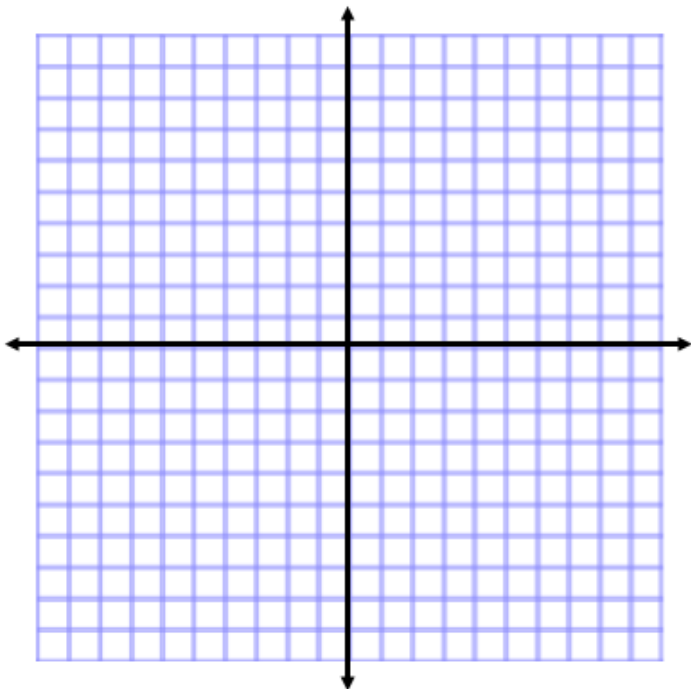

Example:

1. $y = x^2$

x	y
-3	
-2	
-1	
0	
1	
2	
3	

2. $y =$

x	y
-2	
-1	
0	
1	
2
